ABOUT ME

Graduate in Economic Science from the University of Piraeus with a background in economic theories and data analysis. In addition to my academic studies, I have independently built programming skills, focusing on .NET and C#. My experience as a freelance programmer and volunteer firefighter has helped me develop problem-solving, teamwork, and crisis management abilities.

WORK EXPERIENCE

HIT – Hospitality Integrated Technologies – Athens, Greece

City: Athens | **Country:** Greece

Full Stack Developer

[01/02/2025 – Current]

Working with ASP.NET MVC framework and C# to develop web applications. Learning and applying JavaScript frameworks, working with SQL Server databases, and using development tools like Visual Studio, Git and Azure for version control. Deploying with IIS Server.

Freelancing – Athens, Greece

City: Athens | **Country:** Greece

Freelance Programmer

[01/06/2020 – Current]

- Began programming as a personal learning journey, gradually developing professional skills.
- Completed small-scale projects on various platforms to gain practical experience with C# and .NET.
- Learned and implemented web development technologies including Blazor and JavaScript.
- Continuously improving problem-solving skills through hands-on coding challenges and personal projects.
- Exploring best practices in software design and development under guidance from online communities and resources.

VOLUNTEERING

[01/05/2018 – Current] Athens, Greece

Volunteer Firefighter

As a volunteer firefighter since 2018, I have supported firefighting operations and crisis response efforts, developing resilience and the ability to remain calm under pressure. This experience has also enhanced my teamwork and communication skills, especially in high-stakes situations. It has been a rewarding way to contribute to the community while building valuable personal and professional attributes.

COMMUNICATION AND INTERPERSONAL SKILLS

Multicultural Collaboration, Communication, Team Collaboration

Collaborating with foreign clients during my freelancing career and working alongside foreign firefighters during wildfire operations have enhanced my ability to communicate clearly and adapt to multicultural environments. These experiences have strengthened my teamwork and interpersonal skills.

ORGANISATIONAL SKILLS

Coordinating Skills, Time Management, Problem Solving

Managing projects for clients and coordinating efforts during demanding situations in the fire service have helped me cultivate effective time management, problem-solving skills and organizational abilities, ensuring tasks are completed efficiently and to a high standard.
